Criticises Officials of Greenlee County in Letter to Mine Managers at El Paso-Quotes Some of Store Prices Charged Employes by the Mining Companies; Managers Enter a General Denial.

A DJT. GEN. CHAS. G. HARRIS importation of men. I had sent a member of Arisona, in reply to a letter of the national guard to apply for admission at your camp at Dunnan and to the grant of the statements made to mark; and the property of the national guard to apply for admission at your camp at Dunnan and to the grant of the grant of the statements made to the part;

"You will remember that you gentlement told me that no men would be admitted at the founcan camp excepting former employes of your companies. In applies of this fact, this camp was started and has been operated by Mr. Chast men that they had been former been able to find were employes of the company, their word alone was accepted as evidence that they were such former employes. From the first men that had not been employed to show that the registration of men as former employes is merely a subterfuge to show that the companies are allowed having been sent from Kamas City. One of your against left Lordsburg for Kansas City again on November 1, and some weeks previous a carload having been sent from Kamas City. One of your against left Lordsburg for Kansas City again on November 24.

OF ALLEGED THAIN ROBBER.
Cheyenns, Wo., Dec. 2.—A. Juzy was
secured today in the United States district court to try Edward F. Trafton,
charged with the stage coach holders
in Yellowstone National park July 29,
1924, and the prosecution began its
opening statement.
Trafton, who claims to be a sufferer
from chronic rheumatism, hobbied into
court without the crutch he has been
using in jail. The general belief in
court is that Trafton will hinge his
case on the claim that physically he
was unable to perpetrate the holdup. An ideal drink is found in Tellay's Tea. Fragrant, delicious and of uni-form quality. Tetlay's Tea is abso-intely pure and guaranteed to contain no coloring matter.—Advertisement,
